Spiral Staircase Type “Gamia Plus”

- An elegant, easy to build spiral staircase that will fit a square or circular opening.
- Standard staircase is suitable for floor to floor heights from 2100mm to 2990mm.
- Diameters : 1200, 1400 and 1600mm.
- Metal finish : embossed black or silver grey.
- Includes a deluxe wooden handrail.
- Beautiful solid beech treads, platform and handrail finished with a clear satin or walnut lacquer.
- 40mm thick solid treads and landing platform.
- Features a unique threaded adaptor to adjust tread heights - unlike other spiral staircase kits, this allows each tread to be set at exactly the same height.
- Balusters are spaced at less than 100mm which ensures the staircase can be used safely by young children.
- Can be installed clockwise or anticlockwise.
- Opening size needs to be at least 50mm larger than the diameter of the staircase.
- Safety risers are recommended when young children may use the staircase.
- We also recommend customers consult their building control office prior to installing any staircase to check that it fully meets their requirements.
- A complete easy to follow installation DVD is provided.
- Please call or email for design and/or configuration assistance.

Rises and Treads

- The standard staircase fits a floor-to-floor total height of 2110-2990mm with 10/13 rises and 10/13 treads.
- The rise can be adjusted between 210-230mm. The first rise is always 210mm.
- For rises 200-210mm and 230-240mm the balusters can be adjusted during installation.
