Spiral Staircase Type “Klan”

- The Klan is an elegant combination of wood and metal.
- This spiral staircase is very reliable and safe due to the very stable railing.
- The standard staircase kit is suitable for total floor-to-top-of-floor heights 2530mm to 3060mm.
- Extra treads can be ordered to increase the staircase a maximum height of 3770mm.
- Available in 3 diameters: 1200mm, 1400mm and 1600mm.
- The treads (42mm) and the triangular shaped landing platform are made from beech hardwood.
- There is a choice of two standard wood finishes: natural beech and dark beech.
- The handrail has a wood effect and is made from plastic with a aluminium core and the colour matches the staircase treads.
- Metal finish is white, grey or black.
- The stairwell must be at least 50mm larger than the staircase diameter.
- Can be installed either clockwise or anti-clockwise,
- We advise customers, before installing the staircase, to check the local building regulations.
- Concise installation guidelines are included with every shipment.
- Please call or email us for further assistance with de design or configuration of your staircase.

Rise

- The standard staircase is suitable for floor-to-top-of-floor heights from 2530 to 3060mm.
- The rise can be adjusted to a distance of 210-235mm.
- The rise (distance between 2 treads) is 210 mm, 215 mm, 220 mm, 225 mm, 230 mm or 235 mm.
