Space Saver Spiral Staircase Type “Trio 180”

- This custom made space-saver spiral staircase combines top quality engineering and Italian design.
- The “Trio 180” spiral staircase features a cable balustrade system with beech treads and black coated steel centre column.
- The standard staircase is suitable for floor to floor heights from 2520mm to 2760mm.
- Additional treads are available to increase total floor to floor height to a maximum 3680mm.
- The “Trio 180” spiral staircase is a stylish solution for any home or commercial interior, where space is limited.
- Available diameters : 1300, 1400, 1500, 1600, 1700 or 1800mm.
- The “Trio 180” has beech hardwood treads.
- The treads are manufactured from solid beech with a choice of standard finishes - natural beech, walnut, mahogany and wengé.
- The handrail is made from premium quality black easy-to-grip synthetic, Moplen.
- Matching balustrades are available for staircase openings, landings and galleries.
- The stairwell opening needs to be at least 50mm larger than the diameter of the staircase.
- Can be installed clockwise or anticlockwise.
- We recommend customers consult their building control office prior to installing any staircase to check that it fully meets their requirements.
- A complete easy to follow installation guide is provided.
- Please call or email for design and/or configuration assistance.

Rises and Treads

- The standard staircase fits a floor-to-floor total height of 2520-2760mm with 12 treads.
- The rise can be adjusted between 210-230mm.
